Mike!

Sorry – I’ve been meaning to reply to you all day and it has slipped away. I’ll make the revisions to the South Pond Area in the next few days – and I’m sure Chit and I will be talking.

Have fun! Don’t even think about hazardous debris LDRs, PCB bulk product waste, the contained in rule, how do you get a “contained out” determination, what the heck is a CAMU...

Erin –

I'm taking a small vacation starting tomorrow (Jan. 18) through Wednesday Jan. 25. Danielle or Chit should be available to answer any questions. Chit said that, based on his current work load, he could finish up the South Pond document by January 24/25.

If you have any questions, feel free to contact me. I will have phone and email access, but it may be limited at times.

Thanks,

Mike
